## I have the Secret

There is a DVD going around called *The Secret*. Have you seen it?

On the website for *The Secret*, it is written, "A number of exceptional men and women discovered *The Secret*, and went on to become known as the greatest people who ever lived. Among them: Plato, Leonardo, Galileo, Napoleon, Hugo, Beethoven, Lincoln, Edison, Einstein and Carnegie, to name but a few."

That was enough to ignite my curiosity and I immediately ordered my own copy.

Since watching *The Secret*, I have bought it for friends, recommended it to clients, shared it with my children and marvelled at the transformation spreading the world as a result of having seen this movie.

Sounds amazing, doesn't it? Well, the truth is that this movie is a timely reminder about how incredibly powerful each of us are. Many people don't want to believe that though, because if you were truly powerful you could never ever again blame your mother, your father, your 10-year old school mate, your boss, your country, your birth, you name it, for your situation now.

You could never claim being victim to anything again.

So, if you are still feeling comfortable in calling yourself a victim of a bad marriage, a poorly paid job, an abusive partner, a neglectful parent, then **DO NOT** buy this DVD.

If, however, you can see that there may be something in remembering the Magician within you, then it may be time to discover just what I am talking about, by going out and buying yourself

Again she began visualizing.

The next day, she came back to her intention in her journal and began visualizing, and once again, she heard a voice say: "That's still not a big enough game for you."

In Sprytes own words she says,

"I thought to myself, 'So what's next?' Then I wrote 3 Million in 33 Days! Immediately I felt the clunk - you know that feeling that you get deep inside when something powerful happens in your life and you KNOW you're on the right track somehow? I knew from my studies of science and mysticism that 333 is the number of "Angelic Help" or a "Divine" directive, and that when added together equals '9' - the number symbolizing COMPLETION."

Then she understood that somehow she was supposed to help FEED 3 MILLION CHILDREN IN 33 DAYS.

Like most grand achievements, she had no idea how this was to happen, only that her job was to BELIEVE IN IT'S POSSIBILITY, AND TAKE INSPIRED ACTION.

So again, she began visualizing.

She began to share this dream with a number of women and soon they had created Feminine Enlightened Entrepreneurs, dedicated to serving the children of the world and inspiring possibility, greatness, and prosperity to positively affect social and economic change.

If you take a moment to click onto [www.FEED333.COM](http://www.FEED333.COM) you will see how this vision is now a reality.

At the moment, the intention is to feed three million children in the United States.

I can see this incentive spreading Globally. I believe with such visions and contribution, we can have a world where all children receive nourishment for their bodies, nourishment which will fuel the expansion of

... talking about, by going out and buying yourself The Secret.

One such person whose life was changed after seeing this film was a woman called Spryte Loriano.

It was on her third viewing of the film, whilst watching Jack Canfield tell his inspiring story of his experience with The Secret (he was earning about \$8,000 a year, and decided to put The Secret into action to create \$100,000 in a year!), she stopped halfway and wrote in her diary, " I am ready to play a new, big game! I will create \$30,000 in 30 days!"

The next day she woke up hearing , ""That's not a big enough game."

Without hesitation, she immediately crossed off her intention in her journal and underneath it, she wrote, "\$300,000 in 30 days!" Now, that was an exciting game!

nourishment which will fuel the expansion of their minds and ignite the fires in their hearts to live as the greatest possibility of their spirits.

Until next month

Love and Blessings,

*Sharon*
